

Manhattan, Balboa, Laguna and Windsor homes feature a mahogany brunch bar between kitchen, dining, and living room areas, for mealtime convenience and to emphasize the feeling of spaciousness. Ceiling fan over stove removes heat and odors.

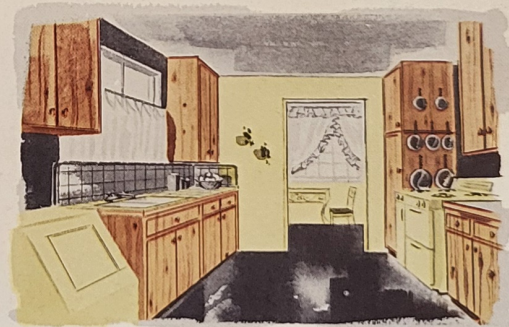

knotty pine kitchens...your choice
of 4 finishes...naturally
...equipped for gas 🔥

Convenience and beauty have been given equal importance in the planning of Southwood Homes kitchens. Note the abundance of knotty pine cabinets, strategically placed to eliminate unnecessary steps. Lighting, so very important in the kitchen, is carefully planned to make every nook and cranny as bright and cheerful as the out-of-doors. There are outlets for electric appliances near each working area. Full length windows provide ample ventilation. Drain boards and work areas are of fine "Duraglaze" ceramic tile. Waste King garbage disposal is another major convenience that is furnished with your home.

FINISH	HARDWARE	MODELS
